

2013-14 Accountability Report Cards: Release Timeline

Following is the timeline for release of 2013-14 Accountability Report Cards and supporting materials.

MAY-AUGUST, 2014: Alternate Accountability Processing

MAY: Release of resources, training, and support for schools in the Alternate Accountability process; Office of Educational Accountability provides technical support for schools

JUNE 20: Alternate Accountability Forms Due to Office of Educational Accountability (OEA)

(For information about alternate accountability: http://acct.dpi.wi.gov/acct_altact)

JUNE 20 – AUGUST 11: OEA processes Alternate Accountability Forms and prepares reporting, following the same reporting timeline as for general accountability, below.

JUNE 6-JULY 11, 2014: Documentation Release and Deduction Inquiry Process

OEA staff will contact schools and districts that, based on preliminary calculations, would have a deduction related to missing a Student Engagement Indicator target (absenteeism, dropout rate, test participation) on their report card.

- These notifications will only reference Student Engagement Indicators. No accountability scores or ratings will be available in June or July.
- Schools and districts will be given an opportunity to submit a Deduction Inquiry Form to OEA in response to their potential deduction to request additional data or identify errors in the data they submitted.
- *Schools and districts will be given until July 11th to submit a Deduction Inquiry Form to allow OEA time to process the inquiry requests and properly prepare for the secure preliminary release of School and District Report Cards.*

AUGUST 11th, 2014: Secure Release

Secure Release of Preliminary School and District Report Cards and Alternate Accountability Reporting

- Report cards will again be available through [SAFE](#), the Secure Access File Exchange
- The secure release will initiate the formal report card inquiry process. Schools or districts identifying data-related issues on their report cards should submit a Report Card Inquiry Form to OEA.
- *Inquiry forms are due no later than Friday, September 6th.*

SEPTEMBER 16th, 2014: Public Release

Public Release of School and District Report Cards and Alternate Accountability Reporting

- Report cards will be available from the DPI website: <http://reportcards.dpi.wi.gov/>.
- Data download files summarizing the front page of the School and District Report Cards will also be available.

Documentation and Resources

Updated and new documentation and resources to aid technical understanding and interpretation of both School and District Report Cards will be released here on an ongoing basis beginning in May: <http://reportcards.dpi.wi.gov/>.
